

Quick Disconnects - Female 1/4" (Pack of 5)

PRT-14407 ROHS ✓

DESCRIPTION

INCLUDES

Sometimes referred to as "spade connectors," these quick disconnects are really useful as power connectors in prototyping or in projects that are repeatedly assembled and disassembled. The shape of these connectors allows them to be used with a variety of retro game-cabinet buttons, as well as lights similar to the ones found in our [Spectacle line](#).

These Female Quick Disconnects are about 1/4" wide, come in packs of five, and can be affixed to a 16-14 AWG wire. Mating connectors can be found in the similar items section below.

In 2003, CU student Nate Seidle blew a power supply in his dorm room and, in lieu of a way to order easy replacements, decided to start his own company. Since then, SparkFun has been committed to sustainably helping our world achieve electronics literacy from our headquarters in Boulder, Colorado.

No matter your vision, SparkFun's products and resources are designed to make the world of electronics more accessible. In addition to over 2,000 open source components and widgets, SparkFun offers curriculum, training and online tutorials designed to help demystify the wonderful world of embedded electronics. We're here to help you start something.
