## Essentials

[Export specifications](#)

Product Collection	<a href="#">Gigabit Ethernet Controllers (1GbE)</a>
Code Name	<a href="#">Products formerly Jacksonville</a>
Status	Launched
Launch Date <a href="#">?</a>	Q2'15
Expected Discontinuance <a href="#">?</a>	1H'30
Lithography <a href="#">?</a>	40 nm
TDP <a href="#">?</a>	0.5 W
Operating Temperature Range	0°C to 85°C
Recommended Customer Price <a href="#">?</a>	

## Supplemental Information

Datasheet	<a href="#">View now</a>
Description	<a href="#">Low Power 1 Gigabit Ethernet PHY</a>
Product Brief	<a href="#">View now</a>

## Networking Specifications

Port Configuration	Single
Data Rate Per Port	1GbE
System Interface Type	Proprietary
Jumbo Frames Supported	Yes
Interfaces Supported	1000Base-T

## Package Specifications

Package Size	6mm x 6mm
Low Halogen Options Available	No

## Advanced Technologies

IEEE 1588 <a href="#">?</a>	Yes
Supported Under Intel® vPro™ Technology	Yes

All information provided is subject to change at any time, without notice. Intel may make changes to manufacturing life cycle, specifications, and product descriptions at any time, without notice. The information herein is provided "as-is" and Intel does not make any representations or warranties whatsoever regarding accuracy of the information, nor on the product features, availability, functionality, or compatibility of the products listed. Please contact system vendor for more information on specific products or systems.

Intel classifications are for informational purposes only and consist of Export Control Classification Numbers (ECCN) and Harmonized Tariff Schedule (HTS) numbers. Any use made of Intel classifications are without recourse to Intel and shall not be construed as a representation or warranty regarding the proper ECCN or HTS. Your company as an importer and/or exporter is responsible for determining the correct classification of your transaction.

Refer to Datasheet for formal definitions of product properties and features.

‡ This feature may not be available on all computing systems. Please check with the system vendor to determine if your system delivers this feature, or reference the system specifications (motherboard, processor, chipset, power supply, HDD, graphics controller, memory, BIOS, drivers, virtual machine monitor-VMM, platform software, and/or operating system) for feature compatibility. Functionality, performance, and other benefits of this feature may vary depending on system configuration.

System and Maximum TDP is based on worst case scenarios. Actual TDP may be lower if not all I/Os for chipsets are used.

"Announced" SKUs are not yet available. Please refer to the Launch Date for market availability.
