Effective date:

01.04.2017

Originator: Achim Blind/MK/Vertrieb/EE/de/ERNI , +49 7166 50-243, achim.blind@erni.de

Reason and description of change:

Valued Customer,

Until now, we have printed the patent number onto certain SMC connectors (where the housing size allows for printing of additional 9+ digits).

With this change, we omit to print the patent number onto the SMC connectors. Instead, the patent no. will be shown on the packaging label from now on.

On SMC connectors where the ERNI logo is moulded into the housing, we also omit to print the logo additionally onto the housing.

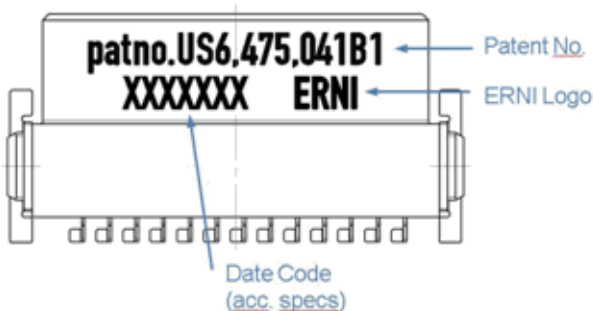

The printing of the date code remains unchanged.

This change is to optimize the production.

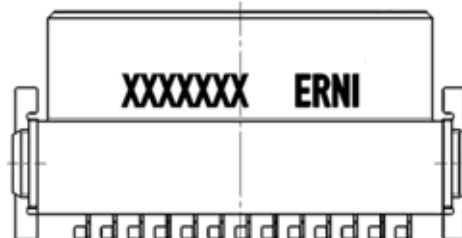

Below sketch shows an example:

Printing previously

Example shown: Female 90° 26 pin

New part printing

This change will be effective from April 1st 2017. During the changeover, parts with different printing may be mixed within the shipment.

These change will not affect reliability of product and has no impact on form , fit or function of these products.

Products Affected / Types

SMC Male & Female, Type 7 & 8
